

Letter of Appreciation

It was an incredible weekend at our AGM in Singapore.

The highlight of the event must be the Gala Dinner before the AGM. It was a splendid event starting with the march-in parade of the various Clubs of District 330 and 331 introduced by their respective District Secretaries.

The dance contributions by KL, Klang and Spore Clubs were amazing. These successful business-ladies, mothers and grandmothers can really jives, bollywood dance and mambo, and from my own Club, they catwalk their wares so sensually. We also have the courting dance of the hornbill from the Club of Kuching.

The meetings were smoothly conducted without glitch, and with Dr Kapila sitting in our combined PDC Meeting and our Question-and-answer session, many uncertain formalities were clarified.

Overall, it was an incredible weekend. I hope there will be more such colourful AGMs in the future. For now, I would like to thank all members for their gracious support and participation.

Thank you all and may we meet again next month at the International Inner Wheel Conference in Melbourne.

DC Lucia
