“
Visit to Manila
”

Members from our IWCKK formed a group to attend the IWCPPI National Conference that had been scheduled on 22nd and 23rd Feb.

DEC Daisy, IPP Cecilia, Sec Gina and PP Ruby went there from 21st to 25th Feb, and received a warm hospitality from our sister club, Paraiso Club.

IWC Paraiso had promised to come over Kk, for the renewal of the sister pact on Mar, year 2020.

Message from IIW
President Christine Kirby
for International Women's
Day 2019

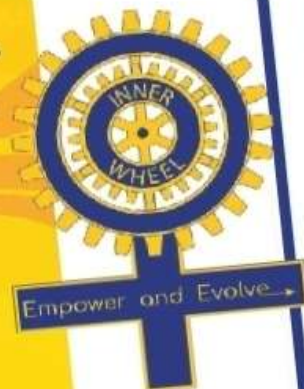

International
Women's Day

#BalanceforBetter

Around the world, International Women's Day is commemorated annually on 8 March. The empowerment of women has, of necessity, always been a central feature of the United Nations' efforts to address social, economic and political challenges across the globe in relation to gender parity - and leaving no one behind is the particular focus. This is the essential ongoing emphasis. International Women's Day was established over a century ago as a rallying point to build support for women's rights and also the effective participation by women in the political and economic arenas. Together, women - who statistically make up around half of the world's population - are in a stronger position to lobby for 'Balance for Better', which is this year's IWD theme. World renowned feminist, journalist and activist Gloria Steinem rightly advocates that 'the story of women's struggle for equality belongs to no single feminist nor to any one organisation but to the collective efforts of all who care about human rights'. It is in our interest for us all to act and react. And so, here we are - 2020 is approaching. Movements such as #MeToo, #TimesUp and the significant global initiatives and celebrations that are Women focused confirm that gender parity remains firmly on the international agenda.

Chris Kirby
International Inner Wheel President
2018-2019

8 March 2019

**LIVES LIT UP WITH HAND
MADE SOLAR LIGHTS**

The Inner Wheel Club of Jodhpur, rolled out a Solar Lamp Project in collaboration with Public Art Lab Berlin, in the year 2017.

The project aims at providing a cheap and alternative source of light to houses of the underprivileged that do not have a 24-hour power supply in form of handmade solar lamps. Government school students and refugees were trained to assemble a solar lamp out of waste plastic bottles and solar panels in simple circuitry.

The project was adjudged the 2nd runner up at the International Inner Wheel Convention 2018 at Melbourne, Australia

The project was featured in the International Inner Wheel Magazine 2017-18 as well as on the cover of the project bank book 2017-18.

♥ UPLIFTING QUALITY OF LIFE FOR A COMMUNITY ♥

FORGED BY A HEART AND SPIRIT to reach out to an indigenous ("orang asli") community, eleven Inner Wheel Clubs in District 330 (Malaysia) led by President Lynn of the Inner Wheel Club of Kuala Lumpur (President 2018-2019) started on a series of programmes to uplift the quality of life of villagers living in an underdeveloped rural.

Therefore, on 6th January, 2019, in conjunction with World Inner Wheel Day 2019 celebrations, a carnival was organised for the 350 villagers in Kampung Sungai Lalang.

The highlight were three programmes designed to empower the villagers for self-development.

First, 70 fruit saplings were planted to initiate a fruit orchard in the village, a joint participation with the Rotary Club of Kuala Lumpur DiRaja.

Secondly, a playgroup centre for the village children was also started up with contributions from various Inner Wheel Clubs of Districts 330 and 331 (Malaysia and Singapore). Suri and a few mothers have taken up the task of managing it.

Thirdly, Suri's kitchen was equipped and she was taught to bake, giving her the opportunity to earn.
