

## Inner Wheel Club of Singapore West

It was a disruptive year for us. The pandemic has made things difficult for running of the Club. We had to resort to meetings on Zoom and foregoing our normal functions like Installation and Club celebrations.

Yet, our dedicated President was very resourceful and constantly maintained a close relationship with the rest of the members. She organized luncheons in groups of five members, created walks and hikes with other groups of five and organised baking sessions etc. She also kept close contact with the Presidents of our other three Clubs.

Christmas is just two days away and a time when people honour and celebrate the birth of Jesus. However, this year was different and, since we cannot celebrate as before in view of the Covid restrictions, five of us came together at Joanna's house to bake cookies for our other members and made pizzas for our lunch. June added a chicken pie as well.

Each one of us brought along the necessary ingredients like cocoa powder, cheese and tomato paste for the pizza-making, while host Joanna readied the eggs, butter and icing sugar etc. I did not realise that the pizza-making process is quite time consuming but it is less difficult with our teamwork. They were ready in no time and tasted good too.

This was my first try at making cookies and find it interesting and an experience. It may look simple but one had to be mindful of the thickness and shape in order to create uniform cookies.

And each of us get to take home a jar of cookies at the end of the session.

President Nany personally and secretly baked a special cake and presented it to PP Lucy Bay with PP Claudia at the end of the day. Today is PP Lucy Bay's birthday.

On her own, President Nany also took the trouble to present a box of our homemade cookies to our most senior member, Ruth.

As this year draws to a close, I look forward to 2021 with new hope, new dream and pray for peace on earth.
