

District Secretary's Report

Apprehensive and inexperienced as I was, I felt honoured to be nominated as District Secretary and to take over from Esther Wenger. I wondered what was expected of me as I am faced with various challenges.

Thanks to DC Nany Gotze and IPDC Rokiah's patience and guidance, I was able to cope up to the new role. When the Committee sat for the first meeting in July, I was in Australia. Rokiah was very helpful and took the minutes on my behalf.

I emailed the nominations forms for IIW Board Directors 2015-2016, National representative/Deputy National Representative to all the eight clubs in October. This offered me an opportunity to correspond with the Presidents of the Clubs. They were very supportive and accommodating and responded to my request rapidly.

The second meeting on 16 November was the first one for me. I met Vice-DC Alice Wong. She is soft-spoken and gracious and after the meeting, asked me to be her Secretary. I was surprised and honoured but declined due to personal commitments.

This picture was taken at our 2nd EXCO meeting. It showed us as a family. This is exactly how I felt.

Yours in Inner Wheel
